

The New Kaizen Database

# LightingKaizen.com

The familiar Kaizen Database is getting a fresh update. The functionality is the same with a slightly different look.

## New Project Entry

A link to the new project entry is on the home dashboard. The entry form has the exact same fields and layout as the original system.

The screenshot displays the LightingKaizen.com dashboard. At the top left, there is a green button labeled 'SUBMIT A CIP PROJECT'. To its right is a 'Change Display Year' dropdown menu set to '2016'. Below these is the 'Facility Summary' section for the year 2016, featuring buttons for Q1, Q2, Q3, and Q4. A filter input field is present above a table with the following data:

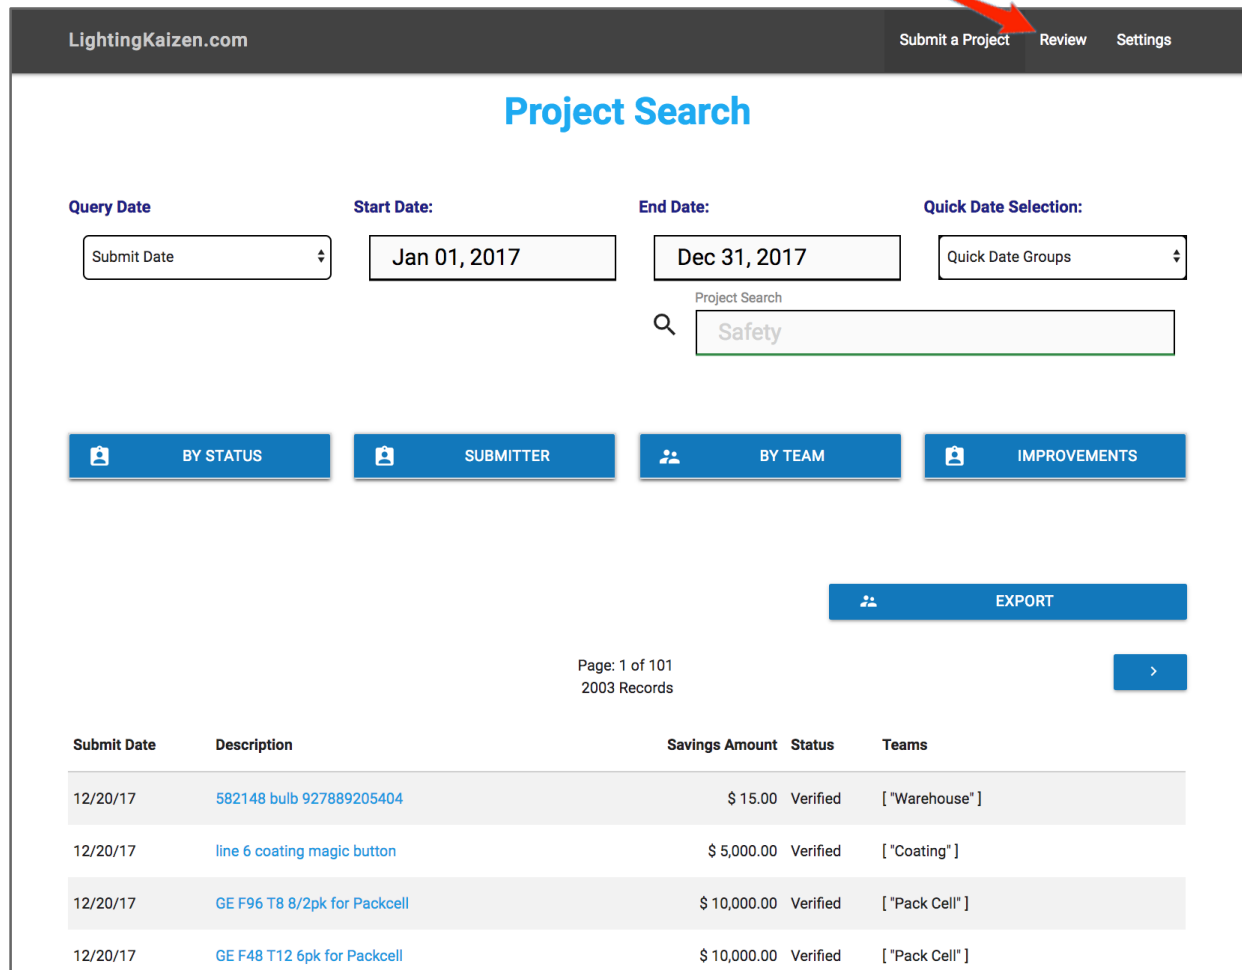

Team	Project Count	Q4 Count	CIP Savings	Avoidance Savings	Q4 Savings	Total Savings	Savings Target	
Line 09	216	62	\$ 14,810.97	\$ 823,076.34	\$ 506,919.25	\$ 837,887.31	\$ 300,000.00	Details
Line 10	180	32	\$ 41,024.45	\$ 424,915.34	\$ 123,007.75	\$ 465,939.79	\$ 300,000.00	Details
Line 06	161	35	\$ 173,237.36	\$ 1,040,411.04	\$ 538,873.65	\$ 1,213,648.40	\$ 300,000.00	Details
Line 07	215	51	\$ 95,195.21	\$ 446,040.00	\$ 57,008.71	\$ 420,641.24	\$ 300,000.00	Details

An inset shows the 'Project Edit' form on a desktop and mobile device. The desktop view includes fields for Project Name, Project Description, Project Area, and Team(s). The mobile view shows a simplified version of the same form.

## Project Dashboard

The team and facility dashboard is still available again. The dashboard can be reviewed by year and/or quarters by clicking on the buttons above the dashboard. By clicking on a team on the dashboard, you will see a review of verified projects on the review screen.

The project review page has several new features to assist in finding and identifying a project. Projects can be filtered by any combination of dates, status, project submitter, team, improvement, or keyword.

## Added Benefit: Mobile Photos

Since the entry screen can now be used with your mobile device, it is easier to add photos of projects. The entry screen can allow you to upload an existing photo or take one from your device. This feature is compatible with iPhone and Android devices.
